

## S4i Systems Welcomes Gail Perian as Technical Support and Implementation Specialist

**SAN CLEMENTE, CA. February 1, 2012** – S4i Systems, Inc. ([www.s4isystems.com](http://www.s4isystems.com)), a leading electronic document automation and disk space management software provider for IBM Power System i customers, announces today that Gail Perian joined the team as Technical Support and Implementation Specialist.

Gail has recently advanced her knowledge in learning S4i Express, eliteFORM and PlanetPress which has enabled her to be a critical success factor in S4i customer implementations. Gail is Kofax certified up through V10.0 and augments the S4i implementation team with her proficiency in EDI, Lawson, Kronos, Magellan/Gauss/OpenText, LiveLink, Lotus Notes, workflow and various web applications.

Gail, a Etowah, Tennessee native, comes to S4i with over twenty years of experience in system design, development, application implementation, technical support and project management. She also has development experience using RPG, DB2 for i, COBOL and Query/400.

“Gail has been a great asset to the team over the past two years as a consultant and we are proud today to welcome her as an employee”, said Susanne States, director of the S4i sales, client services and implementation team. Continues States, “Our team and our customers are very fortunate to have Gail’s terrific combination of technical agility and commitment to quality service”.

### About S4i Systems

S4i provides electronic document management and disk management solutions for IBM Power Systems’ System i. With a strong commitment to continuously delivering trusted value, S4i’s customer and service driven team provides project design, management and implementation services to ensure a successful software deployment.

S4i Express is a fully integrated System i automated report distribution and electronic document management (EDM) system that can automate all document processing enterprise wide. IT leaders use S4i Express to improve internal and external business communications. Because of its scalability, completeness and cost/value benefit, S4i Express is the preferred System i EDM offering.
